

Product Safety Recall

CREATIVITY FOR KIDS DREAM JOURNAL

U Games Australia is committed to providing parents and children with high quality, safe products designed to bring enjoyment and enhance learning.

Our continuing product safety monitoring process has identified a potential hazard with the Creativity for Kids Dream Journal—Pictured below.

U Games has found that the metal thread that lines the inside of the light up pen included in the kit does not meet the Australian requirements for maximum levels of migrateable lead. This component is on the interior of the pen and is not handled during normal use.

U Games is therefore voluntarily recalling all Creativity for Kids Dream Journals for a full refund.

Approximately 4,000 units of the Dream Journal have been sold in Australia since October 2008.

Consumers should take the pen away from children immediately and send to;
